

(18) No fires, cooking devices or other devices which emit smoke or dust, other than any which may be installed by the Developer, shall be allowed on any balcony.

(19) Unless expressly permitted in writing by the Association, the installation of any floor covering, other than padded carpeting is prohibited. In any event, Unit Owners shall have the duty of causing there to be placed between any such covering and the floor of the unit generally accepted and approved material for diminution of noise and sound so that the floors shall be adequately soundproofed according to general architectural and engineering standards observed in the community.

(20) In addition to the various lake restrictions set forth in the Declaration of Class "B" Residential Covenants, Conditions and Restrictions of The Township, swimming in lakes is prohibited.

PARKING RULES, REGULATIONS AND RESTRICTIONS

- No vehicles with commercial markings will be permitted to park on the properties.
- No trucks, trailers, boat trailers, motorcycles, motorbikes, mopeds or recreational vehicles (RV's) or motor homes will be permitted to park on the properties.
- Vehicles must park only in parking spaces. A parking space is designated by parallel lines on either side and a parking bumper in front.
- Vehicles must park head in (front wheels against parking bumper). Vehicles may not be backed into parking spaces.
- Vehicles may not park on any grass areas.
- Vehicles may not park in any manner wherein the entrance or egress of other vehicles is obstructed.
- Unauthorized vehicles parked in unit owner's reserved (numbered) spaces are subject to towing.
- Guest spaces are for the temporary use of residents and their guests and cannot be permanently and exclusively used on a continuous basis by residents.
- Vehicles may not be repaired, nor maintenance performed on vehicles, upon the condominium property. Only emergency repairs such as flat tires, jump starting, etc., may be performed on the condominium properties. Vehicles kept on the condominium properties must be in working order.
- Vehicles parked on the condominium properties must have valid and current licenses and registration.

• ALL VEHICLES MUST BE KEPT CLEAN AND GOOD WORKING CONDITION.
