Board of Directors
Applewood I BLDG B,
2660 Carambola Cir, Coconut Creek, FL 33066

Re: Structural Integrity Reserve Study

As authorized by the board of directors of association, Structural integrity reserve study report has been prepared. Property, located at the address mentioned above in Broward County, state of Florida.

A recent site visit in October 15, 2024, visual inspection, were used as source of findings, cost estimates and recommendations for this study. A summary of our reserve recommendations will be found on the next page.

This first section titled "INTRODUCTION" includes general information such as report definitions, accounting formulas used, statutory requirements, etc.

Section two titled "30 Years plan Schedule" uses cash-flow method.

This schedule will give you the recommended annual contribution amount in average for the next 30 years to maintain integrity of building structure to serve the design purpose.

Section Three provided photos as a sample reference of what is included in this reserve funding recommendations.

As a routine matter, to avoid possible misunderstanding, nothing in this report should be construed directly or indirectly as a guarantee for any portion of the structure. To the best of our knowledge and ability, this report represents an accurate appraisal of the present condition of the building based upon careful evaluation of observed conditions, to the extent reasonably possible. All financial information used as a source for this report is provided by the client and this office is not responsible for its accuracy.

Please do not hesitate to contact the undersigned if you have any questions regarding this report.

Regards,

Masood Hajali, Ph.D., P.E.

President

1-2 Summary of Recommendations and Findings

1. General Information:

Property Name:	<i>Applewood / BLDG B</i>		
Property Location:	2660 Carambola Cir, Coconut Creek, FL 33066		
Folio #:	484220CK0000 (Reference)	Legal Description:	Attached.
Property Type:	Condo Header / 24 units 4 story Residential Condominium	Budget Year Begins:	01/01/2025
		Budget Year Ends:	12/31/2025

2. Report Recommendation:

Total number of component category scheduled for reserve funding:	13
Total current cost of all scheduled reserve components:	\$746,500
Estimated Beginning Year Reserve Balance:	\$104,810
Total number of components planned to be repaired/replaced 2025 Budget Year:	0
Total cost of components scheduled for replacement in the 2025 Budget Year:	0

3. Reserve Funding 30-year Cash Flow Plan

Current Annual Reserve assessment budget:	\$28,380
Recommended Annual Reserve Funding Contribution Amount:	\$37,590
Increase (decrease) between Current & Recommended Contribution Amounts:	%32.5
Special assessment recommendation (To make 2025 fully funded)	\$95,190

1-3 Report Strategy

This report is created to provide Applewood I (Bldg B) Condominium Association, Inc. with engineered base information in order to establish an adequate capital reserves program for the current budget year beginning January 1st, 2025, and ending December 31, 2025.

This report analyzed information gathered by "Structural Integrity Inspection" during site visit on association 's property and initial review of financial information provided by association board of directors. Common area component and equipment, current condition and educated guess of future extent of possible damages and required repair or replacement of component were estimated.

There were no available construction drawings or documents to review during this process, our estimate is based on taking pertinent measurements and observing current physical condition. Background information researched through government's available public information.

Calculations and estimations were performed to determine the cost estimates based on a combination of local contractor information and our own database and experience of construction costs. Life span and extent of possible future required repair or replacement of each item determined based on experience, current condition, and climate of property location.

Financial projections were made as to what the Association's end-of-year reserve balances would be. Nevertheless, any unplanned expenditures or accumulated interest may cause the actual reserve balances to differ from our projection.

1-4 Florida Statutory Reserve Requirements

The 2023 Florida Statutes

Title XL	Chapter 718	View Entire Chapter
REAL AND PERSONAL PROPERTY	CONDOMINIUMS	
718.112 Bylaws.—		
(1) GENERALLY.—		
(a) The operation of the association shall be governed by the articles of incorporation if the association is incorporated, and the bylaws of the association, which shall be included as exhibits to the recorded declaration. If one association operates more than one condominium, it shall not be necessary to rerecord the same articles of incorporation and bylaws as exhibits to each declaration after the first, provided that in each case where the articles and bylaws are not so recorded, the declaration expressly incorporates them by reference as exhibits and identifies the book and page of the public records where the first declaration to which they were attached is recorded.		
(b) No amendment to the articles of incorporation or bylaws is valid unless recorded with identification on the first page thereof of the book and page of the public records where the declaration of each condominium operated by the association is recorded.		
(c) The association may extinguish a discriminatory restriction as provided under s. 712.065.		
(2) REQUIRED PROVISIONS.— The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:		
(a) Administration.—		
1. The form of administration of the association shall be described indicating the title of the officers and board of administration and specifying the powers, duties, manner of selection and removal, and compensation, if any, of officers and boards. In the absence of such a provision, the board of administration shall be composed of five members, unless the condominium has five or fewer units. The board shall consist of not fewer than three members in condominiums with five or fewer units that are not-for-profit corporations. In the absence of provisions to the contrary in the bylaws, the board of administration shall have a president, a secretary, and a treasurer, who shall perform the duties of such officers customarily performed by officers of corporations. Unless prohibited in the bylaws, the board of administration may appoint other officers and grant them the duties it deems appropriate. Unless otherwise provided in the bylaws, the officers shall serve without compensation and at the pleasure of the board of administration. Unless otherwise provided in the bylaws, the members of the board shall serve without compensation.		
2. When a unit owner of a residential condominium files a written inquiry by certified mail		

with the board of administration, the board shall respond in writing to the unit owner within 30 days after receipt of the inquiry. The board's response shall either give a substantive response to the inquirer, notify the inquirer that a legal opinion has been requested, or notify the inquirer that advice has been requested from the division. If the board requests advice from the division, the board shall, within 10 days after its receipt of the advice, provide in writing a substantive response to the inquirer. If a legal opinion is requested, the board shall, within 60 days after the receipt of the inquiry, provide in writing a substantive response to the inquiry. The failure to provide a substantive response to the inquiry as provided herein precludes the board from recovering attorney fees and costs in any subsequent litigation, administrative proceeding, or arbitration arising out of the inquiry. The association may through its board of administration adopt reasonable rules and regulations regarding the frequency and manner of responding to unit owner inquiries, one of which may be that the association is only obligated to respond to one written inquiry per unit in any given 30-day period. In such a case, any additional inquiry or inquiries must be responded to in the subsequent 30-day period, or periods, as applicable.

(b) *Quorum; voting requirements; proxies.*—

1. Unless a lower number is provided in the bylaws, the percentage of voting interests required to constitute a quorum at a meeting of the members is a majority of the voting interests. Unless otherwise provided in this chapter or in the declaration, articles of incorporation, or bylaws, and except as provided in subparagraph (d)4., decisions shall be made by a majority of the voting interests represented at a meeting at which a quorum is present.

2. Except as specifically otherwise provided herein, unit owners in a residential condominium may not vote by general proxy, but may vote by limited proxies substantially conforming to a limited proxy form adopted by the division. A voting interest or consent right allocated to a unit owned by the association may not be exercised or considered for any purpose, whether for a quorum, an election, or otherwise. Limited proxies and general proxies may be used to establish a quorum. Limited proxies shall be used for votes taken to waive or reduce reserves in accordance with subparagraph (f)2.; for votes taken to waive the financial reporting requirements of s. 718.111(13); for votes taken to amend the declaration pursuant to s. 718.110; for votes taken to amend the articles of incorporation or bylaws pursuant to this section; and for any other matter for which this chapter requires or permits a vote of the unit owners. Except as provided in paragraph (d), a proxy, limited or general, may not be used in the election of board members in a residential condominium. General proxies may be used for other matters for which limited proxies are not required, and may be used in voting for nonsubstantive changes to items for which a limited proxy is required and given. Notwithstanding this subparagraph, unit owners may vote in person at unit owner meetings. This subparagraph does not limit the use of general proxies or require the use of

limited proxies for any agenda item or election at any meeting of a timeshare condominium association or a nonresidential condominium association.

3. A proxy given is effective only for the specific meeting for which originally given and any lawfully adjourned meetings thereof. A proxy is not valid longer than 90 days after the date of the first meeting for which it was given. Each proxy is revocable at any time at the pleasure of the unit owner executing it.

4. A member of the board of administration or a committee may submit in writing his or her agreement or disagreement with any action taken at a meeting that the member did not attend. This agreement or disagreement may not be used as a vote for or against the action taken or to create a quorum.

5. A board or committee member's participation in a meeting via telephone, real-time videoconferencing, or similar real-time electronic or video communication counts toward a quorum, and such member may vote as if physically present. A speaker must be used so that the conversation of such members may be heard by the board or committee members attending in person as well as by any unit owners present at a meeting.

(c) *Board of administration meetings.*—Meetings of the board of administration at which a quorum of the members is present are open to all unit owners. Members of the board of administration may use e-mail as a means of communication but may not cast a vote on an association matter via e-mail. A unit owner may tape record or videotape the meetings. The right to attend such meetings includes the right to speak at such meetings with reference to all designated agenda items. The division shall adopt reasonable rules governing the tape recording and videotaping of the meeting. The association may adopt written reasonable rules governing the frequency, duration, and manner of unit owner statements.

1. Adequate notice of all board meetings, which must specifically identify all agenda items, must be posted conspicuously on the condominium property at least 48 continuous hours before the meeting except in an emergency. If 20 percent of the voting interests petition the board to address an item of business, the board, within 60 days after receipt of the petition, shall place the item on the agenda at its next regular board meeting or at a special meeting called for that purpose. An item not included on the notice may be taken up on an emergency basis by a vote of at least a majority plus one of the board members. Such emergency action must be noticed and ratified at the next regular board meeting. Written notice of a meeting at which a nonemergency special assessment or an amendment to rules regarding unit use will be considered must be mailed, delivered, or electronically transmitted to the unit owners and posted conspicuously on the condominium property at least 14 days before the meeting. Evidence of compliance with this 14-day notice requirement must be made by an affidavit executed by the person providing the notice

and filed with the official records of the association. Notice of any meeting in which regular or special assessments against unit owners are to be considered must specifically state that assessments will be considered and provide the estimated cost and description of the purposes for such assessments. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium property where all notices of board meetings must be posted. If there is no condominium property where notices can be posted, notices shall be mailed, delivered, or electronically transmitted to each unit owner at least 14 days before the meeting. In lieu of or in addition to the physical posting of the notice on the condominium property, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closed-circuit cable television system serving the condominium association. However, if broadcast notice is used in lieu of a notice physically posted on condominium property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the condominium association for at least the minimum period of time for which a notice of a meeting is also required to be physically posted on the condominium property. Any rule adopted shall, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as a notice for a meeting of the members, which must include a hyperlink to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association's official records.

2. Meetings of a committee to take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to this paragraph. Meetings of a committee that does not take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to this section, unless those meetings are exempted from this section by the bylaws of the association.

3. Notwithstanding any other law, the requirement that board meetings and committee meetings be open to the unit owners does not apply to:

- a. Meetings between the board or a committee and the association's attorney, with respect to proposed or pending litigation, if the meeting is held for the purpose of seeking or rendering legal advice; or
- b. Board meetings held for the purpose of discussing personnel matters.

(d) *Unit owner meetings.*—

1. An annual meeting of the unit owners must be held at the location provided in the association bylaws and, if the bylaws are silent as to the location, the meeting must be held within 45 miles of the condominium property. However, such distance requirement does not apply to an association governing a timeshare condominium.

2. Unless the bylaws provide otherwise, a vacancy on the board caused by the expiration of a director's term must be filled by electing a new board member, and the election must be by secret ballot. An election is not required if the number of vacancies equals or exceeds the number of candidates. For purposes of this paragraph, the term "candidate" means an eligible person who has timely submitted the written notice, as described in sub-subparagraph 4.a., of his or her intention to become a candidate. Except in a timeshare or nonresidential condominium, or if the staggered term of a board member does not expire until a later annual meeting, or if all members' terms would otherwise expire but there are no candidates, the terms of all board members expire at the annual meeting, and such members may stand for reelection unless prohibited by the bylaws. Board members may serve terms longer than 1 year if permitted by the bylaws or articles of incorporation. A board member may not serve more than 8 consecutive years unless approved by an affirmative vote of unit owners representing two-thirds of all votes cast in the election or unless there are not enough eligible candidates to fill the vacancies on the board at the time of the vacancy. Only board service that occurs on or after July 1, 2018, may be used when calculating a board member's term limit. If the number of board members whose terms expire at the annual meeting equals or exceeds the number of candidates, the candidates become members of the board effective upon the adjournment of the annual meeting. Unless the bylaws provide otherwise, any remaining vacancies shall be filled by the affirmative vote of the majority of the directors making up the newly constituted board even if the directors constitute less than a quorum or there is only one director. In a residential condominium association of more than 10 units or in a residential condominium association that does not include timeshare units or timeshare interests, co-owners of a unit may not serve as members of the board of directors at the same time unless they own more than one unit or unless there are not enough eligible candidates to fill the vacancies on the board at the time of the vacancy. A unit owner in a residential condominium desiring to be a candidate for board membership must comply with sub-subparagraph 4.a. and must be eligible to be a candidate to serve on the board of directors at the time of the deadline for submitting a notice of intent to run in order to have his or her name listed as a proper candidate on the ballot or to serve on the board. A person who has been suspended or removed by the division under this chapter, or who is delinquent in the payment of any assessment due to the association, is not eligible to be a candidate for board membership and may not be listed on the ballot. For

purposes of this paragraph, a person is delinquent if a payment is not made by the due date as specifically identified in the declaration of condominium, bylaws, or articles of incorporation. If a due date is not specifically identified in the declaration of condominium, bylaws, or articles of incorporation, the due date is the first day of the assessment period. A person who has been convicted of any felony in this state or in a United States District or Territorial Court, or who has been convicted of any offense in another jurisdiction which would be considered a felony if committed in this state, is not eligible for board membership unless such felon's civil rights have been restored for at least 5 years as of the date such person seeks election to the board. The validity of an action by the board is not affected if it is later determined that a board member is ineligible for board membership due to having been convicted of a felony. This subparagraph does not limit the term of a member of the board of a nonresidential or timeshare condominium.

3. The bylaws must provide the method of calling meetings of unit owners, including annual meetings. Written notice of an annual meeting must include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner at least 14 days before the annual meeting; and be posted in a conspicuous place on the condominium property or association property at least 14 continuous days before the annual meeting. Written notice of a meeting other than an annual meeting must include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner; and be posted in a conspicuous place on the condominium property or association property within the timeframe specified in the bylaws. If the bylaws do not specify a timeframe for written notice of a meeting other than an annual meeting, notice must be provided at least 14 continuous days before the meeting. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium property or association property where all notices of unit owner meetings must be posted. This requirement does not apply if there is no condominium property for posting notices. In lieu of, or in addition to, the physical posting of meeting notices, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closed-circuit cable television system serving the condominium association. However, if broadcast notice is used in lieu of a notice posted physically on the condominium property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the condominium association for at least the minimum period of time for which a notice of

a meeting is also required to be physically posted on the condominium property. Any rule adopted shall, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as a notice for a meeting of the members, which must include a hyperlink to the website where the notice is posted, to unit owners whose e-mail addresses are included in the association's official records. Unless a unit owner waives in writing the right to receive notice of the annual meeting, such notice must be hand delivered, mailed, or electronically transmitted to each unit owner. Notice for meetings and notice for all other purposes must be mailed to each unit owner at the address last furnished to the association by the unit owner, or hand delivered to each unit owner. However, if a unit is owned by more than one person, the association must provide notice to the address that the developer identifies for that purpose and thereafter as one or more of the owners of the unit advise the association in writing, or if no address is given or the owners of the unit do not agree, to the address provided on the deed of record. An officer of the association, or the manager or other person providing notice of the association meeting, must provide an affidavit or United States Postal Service certificate of mailing, to be included in the official records of the association affirming that the notice was mailed or hand delivered in accordance with this provision.

4. The members of the board of a residential condominium shall be elected by written ballot or voting machine. Proxies may not be used in electing the board in general elections or elections to fill vacancies caused by recall, resignation, or otherwise, unless otherwise provided in this chapter. This subparagraph does not apply to an association governing a timeshare condominium.

a. At least 60 days before a scheduled election, the association shall mail, deliver, or electronically transmit, by separate association mailing or included in another association mailing, delivery, or transmission, including regularly published newsletters, to each unit owner entitled to a vote, a first notice of the date of the election. A unit owner or other eligible person desiring to be a candidate for the board must give written notice of his or her intent to be a candidate to the association at least 40 days before a scheduled election. Together with the written notice and agenda as set forth in subparagraph 3., the association shall mail, deliver, or electronically transmit a second notice of the election to all unit owners entitled to vote, together with a ballot that lists all candidates not less than 14 days or more than 34 days before the date of the election. Upon request of a candidate, an information sheet, no larger than 8 1/2 inches by 11 inches, which must be furnished by the candidate at least 35 days before the election, must be included with the mailing, delivery, or transmission of the ballot, with the costs of mailing, delivery, or electronic transmission and copying to be borne by the association. The association is not liable for the contents of the information sheets prepared by the candidates. In order to reduce costs, the association may print or duplicate the information sheets on both sides of the paper. The division

shall by rule establish voting procedures consistent with this sub-subparagraph, including rules establishing procedures for giving notice by electronic transmission and rules providing for the secrecy of ballots. Elections shall be decided by a plurality of ballots cast. There is no quorum requirement; however, at least 20 percent of the eligible voters must cast a ballot in order to have a valid election. A unit owner may not authorize any other person to vote his or her ballot, and any ballots improperly cast are invalid. A unit owner who violates this provision may be fined by the association in accordance with s. 718.303. A unit owner who needs assistance in casting the ballot for the reasons stated in s. 101.051 may obtain such assistance. The regular election must occur on the date of the annual meeting. Notwithstanding this sub-subparagraph, an election is not required unless more candidates file notices of intent to run or are nominated than board vacancies exist.

b. Within 90 days after being elected or appointed to the board of an association of a residential condominium, each newly elected or appointed director shall certify in writing to the secretary of the association that he or she has read the association's declaration of condominium, articles of incorporation, bylaws, and current written policies; that he or she will work to uphold such documents and policies to the best of his or her ability; and that he or she will faithfully discharge his or her fiduciary responsibility to the association's members. In lieu of this written certification, within 90 days after being elected or appointed to the board, the newly elected or appointed director may submit a certificate of having satisfactorily completed the educational curriculum administered by a division-approved condominium education provider within 1 year before or 90 days after the date of election or appointment. The written certification or educational certificate is valid and does not have to be resubmitted as long as the director serves on the board without interruption. A director of an association of a residential condominium who fails to timely file the written certification or educational certificate is suspended from service on the board until he or she complies with this sub-subparagraph. The board may temporarily fill the vacancy during the period of suspension. The secretary shall cause the association to retain a director's written certification or educational certificate for inspection by the members for 5 years after a director's election or the duration of the director's uninterrupted tenure, whichever is longer. Failure to have such written certification or educational certificate on file does not affect the validity of any board action.

c. Any challenge to the election process must be commenced within 60 days after the election results are announced.

5. Any approval by unit owners called for by this chapter or the applicable declaration or bylaws, including, but not limited to, the approval requirement in s. 718.111(8), must be made at a duly noticed meeting of unit owners and is subject to all requirements of this chapter or the applicable condominium documents relating to unit owner decisionmaking, except that unit owners

may take action by written agreement, without meetings, on matters for which action by written agreement without meetings is expressly allowed by the applicable bylaws or declaration or any law that provides for such action.

6. Unit owners may waive notice of specific meetings if allowed by the applicable bylaws or declaration or any law. Notice of meetings of the board of administration; unit owner meetings, except unit owner meetings called to recall board members under paragraph (l); and committee meetings may be given by electronic transmission to unit owners who consent to receive notice by electronic transmission. A unit owner who consents to receiving notices by electronic transmission is solely responsible for removing or bypassing filters that block receipt of mass e-mails sent to members on behalf of the association in the course of giving electronic notices.

7. Unit owners have the right to participate in meetings of unit owners with reference to all designated agenda items. However, the association may adopt reasonable rules governing the frequency, duration, and manner of unit owner participation.

8. A unit owner may tape record or videotape a meeting of the unit owners subject to reasonable rules adopted by the division.

9. Unless otherwise provided in the bylaws, any vacancy occurring on the board before the expiration of a term may be filled by the affirmative vote of the majority of the remaining directors, even if the remaining directors constitute less than a quorum, or by the sole remaining director. In the alternative, a board may hold an election to fill the vacancy, in which case the election procedures must conform to sub-subparagraph 4.a. unless the association governs 10 units or fewer and has opted out of the statutory election process, in which case the bylaws of the association control. Unless otherwise provided in the bylaws, a board member appointed or elected under this section shall fill the vacancy for the unexpired term of the seat being filled. Filling vacancies created by recall is governed by paragraph (l) and rules adopted by the division.

10. This chapter does not limit the use of general or limited proxies, require the use of general or limited proxies, or require the use of a written ballot or voting machine for any agenda item or election at any meeting of a timeshare condominium association or nonresidential condominium association.

Notwithstanding subparagraph (b)2. and sub-subparagraph 4.a., an association of 10 or fewer units may, by affirmative vote of a majority of the total voting interests, provide for different voting and election procedures in its bylaws, which may be by a proxy specifically delineating the different voting and election procedures. The different voting and election procedures may provide for elections to be conducted by limited or general proxy.

(e) *Budget meeting.*—

1. Any meeting at which a proposed annual budget of an association will be considered by the

board or unit owners shall be open to all unit owners. At least 14 days prior to such a meeting, the board shall hand deliver to each unit owner, mail to each unit owner at the address last furnished to the association by the unit owner, or electronically transmit to the location furnished by the unit owner for that purpose a notice of such meeting and a copy of the proposed annual budget. An officer or manager of the association, or other person providing notice of such meeting, shall execute an affidavit evidencing compliance with such notice requirement, and such affidavit shall be filed among the official records of the association.

2.a. If a board adopts in any fiscal year an annual budget which requires assessments against unit owners which exceed 115 percent of assessments for the preceding fiscal year, the board shall conduct a special meeting of the unit owners to consider a substitute budget if the board receives, within 21 days after adoption of the annual budget, a written request for a special meeting from at least 10 percent of all voting interests. The special meeting shall be conducted within 60 days after adoption of the annual budget. At least 14 days prior to such special meeting, the board shall hand deliver to each unit owner, or mail to each unit owner at the address last furnished to the association, a notice of the meeting. An officer or manager of the association, or other person providing notice of such meeting shall execute an affidavit evidencing compliance with this notice requirement, and such affidavit shall be filed among the official records of the association. Unit owners may consider and adopt a substitute budget at the special meeting. A substitute budget is adopted if approved by a majority of all voting interests unless the bylaws require adoption by a greater percentage of voting interests. If there is not a quorum at the special meeting or a substitute budget is not adopted, the annual budget previously adopted by the board shall take effect as scheduled.

b. Any determination of whether assessments exceed 115 percent of assessments for the prior fiscal year shall exclude any authorized provision for reasonable reserves for repair or replacement of the condominium property, anticipated expenses of the association which the board does not expect to be incurred on a regular or annual basis, insurance premiums, or assessments for betterments to the condominium property.

c. If the developer controls the board, assessments shall not exceed 115 percent of assessments for the prior fiscal year unless approved by a majority of all voting interests.

(f) *Annual budget.*—

1. The proposed annual budget of estimated revenues and expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, at a minimum, any applicable expenses listed in s. 718.504(21). The board shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget

shall continue in effect until a new budget is adopted. A multicondominium association must adopt a separate budget of common expenses for each condominium the association operates and must adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached to it must show the amount budgeted for this maintenance. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they do not need to be listed.

2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but are not limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000. The amount to be reserved must be computed using a formula based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (g) for which the association is responsible pursuant to the declaration of condominium, and the reserve amount for such items must be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items. The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting interests of the association, to provide no reserves or less reserves than required by this subsection. For a budget adopted on or after December 31, 2024, the members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or less reserves than required by this subsection for items listed in paragraph (g), except that members of an association operating a multicondominium may determine to provide no reserves or less reserves than required by this subsection if an alternative funding method has been approved by the division.

b. Before turnover of control of an association by a developer to unit owners other than a developer under s. 718.301, the developer-controlled association may not vote to waive the

reserves or reduce funding of the reserves. If a meeting of the unit owners has been called to determine whether to waive or reduce the funding of reserves and no such result is achieved or a quorum is not attained, the reserves included in the budget shall go into effect. After the turnover, the developer may vote its voting interest to waive or reduce the funding of reserves.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and may be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote of all the total voting interests of the association. Before turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association may not vote to use reserves for purposes other than those for which they were intended. For a budget adopted on or after December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, for any other purpose other than the replacement or deferred maintenance costs of the components listed in paragraph (g).

4. The only voting interests that are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to fund the reserves in question. Proxy questions relating to waiving or reducing the funding of reserves or using existing reserve funds for purposes other than purposes for which the reserves were intended must contain the following statement in capitalized, bold letters in a font size larger than any other used on the face of the proxy ballot: **WAIVING OF RESERVES, IN WHOLE OR IN PART, OR ALLOWING ALTERNATIVE USES OF EXISTING RESERVES MAY RESULT IN UNIT OWNER LIABILITY FOR PAYMENT OF UNANTICIPATED SPECIAL ASSESSMENTS REGARDING THOSE ITEMS.**

(g) *Structural integrity reserve study.*—

1. A residential condominium association must have a structural integrity reserve study completed at least every 10 years after the condominium's creation for each building on the condominium property that is three stories or higher in height, as determined by the Florida Building Code, which includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:

- a. Roof.
- b. Structure, including load-bearing walls and other primary structural members and primary structural systems as those terms are defined in s. 627.706.
- c. Fireproofing and fire protection systems.
- d. Plumbing.
- e. Electrical systems.

- f. Waterproofing and exterior painting.
- g. Windows and exterior doors.
- h. Any other item that has a deferred maintenance expense or replacement cost that exceeds \$10,000 and the failure to replace or maintain such item negatively affects the items listed in sub-paragraphs a.-g., as determined by the visual inspection portion of the structural integrity reserve study.

2. A structural integrity reserve study is based on a visual inspection of the condominium property. A structural integrity reserve study may be performed by any person qualified to perform such study. However, the visual inspection portion of the structural integrity reserve study must be performed or verified by an engineer licensed under chapter 471, an architect licensed under chapter 481, or a person certified as a reserve specialist or professional reserve analyst by the Community Associations Institute or the Association of Professional Reserve Analysts.

3. At a minimum, a structural integrity reserve study must identify each item of the condominium property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of each item of the condominium property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of condominium property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item.

4. This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or three-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the condominium form of ownership; or any portion or component of a building that is maintained by a party other than the association.

5. Before a developer turns over control of an association to unit owners other than the developer, the developer must have a turnover inspection report in compliance with s. 718.301(4)(p) and (q) for each building on the condominium property that is three stories or higher in height.

6. Associations existing on or before July 1, 2022, which are controlled by unit owners other

than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the condominium property that is three stories or higher in height. An association that is required to complete a milestone inspection in accordance with s. 553.899 on or before December 31, 2026, may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.

7. If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.

8. If the officers or directors of an association willfully and knowingly fail to complete a structural integrity reserve study pursuant to this paragraph, such failure is a breach of an officer's and director's fiduciary relationship to the unit owners under s. 718.111(1).

(h) *Mandatory milestone inspections.*—If an association is required to have a milestone inspection performed pursuant to s. 553.899, the association must arrange for the milestone inspection to be performed and is responsible for ensuring compliance with the requirements of s. 553.899. The association is responsible for all costs associated with the milestone inspection attributable to the portions of the building which the association is responsible for maintaining under the governing documents of the association. If the officers or directors of an association willfully and knowingly fail to have a milestone inspection performed pursuant to s. 553.899, such failure is a breach of the officers' and directors' fiduciary relationship to the unit owners under s. 718.111(1)(a). Within 14 days after receipt of a written notice from the local enforcement agency that a milestone inspection is required, the association must notify the unit owners of the required milestone inspection and provide the date by which the milestone inspection must be completed. Such notice may be given by electronic submission to unit owners who consent to receive notice by electronic submission or by posting on the association's website. Within 45 days after receiving a phase one or phase two milestone inspection report from the architect or engineer who performed the inspection, the association must distribute a copy of the inspector-prepared summary of the inspection report to each unit owner, regardless of the findings or recommendations in the report, by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter and by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission; must post a copy of the inspector-prepared summary in a conspicuous place on the condominium property; and must publish the full report and

inspector-prepared summary on the association's website, if the association is required to have a website.

(i) *Assessments.*—The manner of collecting from the unit owners their shares of the common expenses shall be stated in the bylaws. Assessments shall be made against units not less frequently than quarterly in an amount which is not less than that required to provide funds in advance for payment of all of the anticipated current operating expenses and for all of the unpaid operating expenses previously incurred. Nothing in this paragraph shall preclude the right of an association to accelerate assessments of an owner delinquent in payment of common expenses. Accelerated assessments shall be due and payable on the date the claim of lien is filed. Such accelerated assessments shall include the amounts due for the remainder of the budget year in which the claim of lien was filed.

(j) *Amendment of bylaws.*—

1. The method by which the bylaws may be amended consistent with the provisions of this chapter shall be stated. If the bylaws fail to provide a method of amendment, the bylaws may be amended if the amendment is approved by the owners of not less than two-thirds of the voting interests.

2. No bylaw shall be revised or amended by reference to its title or number only. Proposals to amend existing bylaws shall contain the full text of the bylaws to be amended; new words shall be inserted in the text underlined, and words to be deleted shall be lined through with hyphens. However, if the proposed change is so extensive that this procedure would hinder, rather than assist, the understanding of the proposed amendment, it is not necessary to use underlining and hyphens as indicators of words added or deleted, but, instead, a notation must be inserted immediately preceding the proposed amendment in substantially the following language: "Substantial rewording of bylaw. See bylaw for present text."

3. Nonmaterial errors or omissions in the bylaw process will not invalidate an otherwise properly promulgated amendment.

(k) *Transfer fees.*—An association may not charge a fee in connection with the sale, mortgage, lease, sublease, or other transfer of a unit unless the association is required to approve such transfer and a fee for such approval is provided for in the declaration, articles, or bylaws. Any such fee may be preset but may not exceed \$150 per applicant. For the purpose of calculating the fee, spouses or a parent or parents and any dependent children are considered one applicant. However, if the lease or sublease is a renewal of a lease or sublease with the same lessee or sublessee, a charge may not be made. Such fees must be adjusted every 5 years in an amount equal to the total of the annual increases occurring in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items during that 5-year period. The Department of Business and Professional

Regulation shall periodically calculate the fees, rounded to the nearest dollar, and publish the amounts, as adjusted, on its website. The foregoing notwithstanding, if the authority to do so appears in the declaration, articles, or bylaws, an association may require that a prospective lessee place a security deposit, in an amount not to exceed the equivalent of 1 month's rent, into an escrow account maintained by the association. The security deposit shall protect against damages to the common elements or association property. Payment of interest, claims against the deposit, refunds, and disputes under this paragraph shall be handled in the same fashion as provided in part II of chapter 83.

(l) *Recall of board members.*—Subject to s. 718.301, any member of the board of administration may be recalled and removed from office with or without cause by the vote or agreement in writing by a majority of all the voting interests. A special meeting of the unit owners to recall a member or members of the board of administration may be called by 10 percent of the voting interests giving notice of the meeting as required for a meeting of unit owners, and the notice shall state the purpose of the meeting. Electronic transmission may not be used as a method of giving notice of a meeting called in whole or in part for this purpose.

1. If the recall is approved by a majority of all voting interests by a vote at a meeting, the recall will be effective as provided in this paragraph. The board shall duly notice and hold a board meeting within 5 full business days after the adjournment of the unit owner meeting to recall one or more board members. Such member or members shall be recalled effective immediately upon conclusion of the board meeting, provided that the recall is facially valid. A recalled member must turn over to the board, within 10 full business days after the vote, any and all records and property of the association in their possession.

2. If the proposed recall is by an agreement in writing by a majority of all voting interests, the agreement in writing or a copy thereof shall be served on the association by certified mail or by personal service in the manner authorized by chapter 48 and the Florida Rules of Civil Procedure. The board of administration shall duly notice and hold a meeting of the board within 5 full business days after receipt of the agreement in writing. Such member or members shall be recalled effective immediately upon the conclusion of the board meeting, provided that the recall is facially valid. A recalled member must turn over to the board, within 10 full business days, any and all records and property of the association in their possession.

3. If the board fails to duly notice and hold a board meeting within 5 full business days after service of an agreement in writing or within 5 full business days after the adjournment of the unit owner recall meeting, the recall is deemed effective and the board members so recalled shall turn over to the board within 10 full business days after the vote any and all records and property of the association.

4. If the board fails to duly notice and hold the required meeting or at the conclusion of the meeting determines that the recall is not facially valid, the unit owner representative may file a petition or court action under s. 718.1255 challenging the board's failure to act or challenging the board's determination on facial validity. The petition or action must be filed within 60 days after the expiration of the applicable 5-full-business-day period. The review of a petition or action under this subparagraph is limited to the sufficiency of service on the board and the facial validity of the written agreement or ballots filed.

5. If a vacancy occurs on the board as a result of a recall or removal and less than a majority of the board members are removed, the vacancy may be filled by the affirmative vote of a majority of the remaining directors, notwithstanding any provision to the contrary contained in this subsection. If vacancies occur on the board as a result of a recall and a majority or more of the board members are removed, the vacancies shall be filled in accordance with procedural rules to be adopted by the division, which rules need not be consistent with this subsection. The rules must provide procedures governing the conduct of the recall election as well as the operation of the association during the period after a recall but before the recall election.

6. A board member who has been recalled may file a petition or court action under s. 718.1255 challenging the validity of the recall. The petition or action must be filed within 60 days after the recall. The association and the unit owner representative shall be named as the respondents. The petition or action may challenge the facial validity of the written agreement or ballots filed or the substantial compliance with the procedural requirements for the recall. If the arbitrator or court determines the recall was invalid, the petitioning board member shall immediately be reinstated and the recall is null and void. A board member who is successful in challenging a recall is entitled to recover reasonable attorney fees and costs from the respondents. The arbitrator or court may award reasonable attorney fees and costs to the respondents if they prevail, if the arbitrator or court makes a finding that the petitioner's claim is frivolous.

7. The division or a court of competent jurisdiction may not accept for filing a recall petition or court action, whether filed under subparagraph 1., subparagraph 2., subparagraph 4., or subparagraph 6., when there are 60 or fewer days until the scheduled reelection of the board member sought to be recalled or when 60 or fewer days have elapsed since the election of the board member sought to be recalled.

(m) *Alternative dispute resolution.*—There must be a provision for alternative dispute resolution as provided for in s. 718.1255 for any residential condominium.

(n) *Firesafety.*—An association must ensure compliance with the Florida Fire Prevention Code. As to a residential condominium building that is a high-rise building as defined under the Florida Fire Prevention Code, the association must retrofit either a fire sprinkler system or an engineered

life safety system as specified in the Florida Fire Prevention Code. Notwithstanding chapter 633 or of any other code, statute, ordinance, administrative rule, or regulation, or any interpretation of the foregoing, an association, residential condominium, or unit owner is not obligated to retrofit the common elements, association property, or units of a residential condominium with a fire sprinkler system in a building that has been certified for occupancy by the applicable governmental entity if the unit owners have voted to forego such retrofitting by the affirmative vote of a majority of all voting interests in the affected condominium. The local authority having jurisdiction may not require completion of retrofitting with a fire sprinkler system or an engineered life safety system before January 1, 2024.

1. A vote to forego retrofitting may be obtained by limited proxy or by a ballot personally cast at a duly called membership meeting, or by execution of a written consent by the member, and is effective upon recording a certificate attesting to such vote in the public records of the county where the condominium is located. The association shall mail or hand deliver to each unit owner written notice at least 14 days before the membership meeting in which the vote to forego retrofitting of the required fire sprinkler system is to take place. Within 30 days after the association's opt-out vote, notice of the results of the opt-out vote must be mailed or hand delivered to all unit owners. Evidence of compliance with this notice requirement must be made by affidavit executed by the person providing the notice and filed among the official records of the association. After notice is provided to each owner, a copy must be provided by the current owner to a new owner before closing and by a unit owner to a renter before signing a lease.

2. If there has been a previous vote to forego retrofitting, a vote to require retrofitting may be obtained at a special meeting of the unit owners called by a petition of at least 10 percent of the voting interests. Such a vote may only be called once every 3 years. Notice shall be provided as required for any regularly called meeting of the unit owners, and must state the purpose of the meeting. Electronic transmission may not be used to provide notice of a meeting called in whole or in part for this purpose.

3. As part of the information collected annually from condominiums, the division shall require condominium associations to report the membership vote and recording of a certificate under this subsection and, if retrofitting has been undertaken, the per-unit cost of such work. The division shall annually report to the Division of State Fire Marshal of the Department of Financial Services the number of condominiums that have elected to forego retrofitting.

4. Notwithstanding s. 553.509, a residential association may not be obligated to, and may forego the retrofitting of, any improvements required by s. 553.509(2) upon an affirmative vote of a majority of the voting interests in the affected condominium.

5. This paragraph does not apply to timeshare condominium associations, which shall be

governed by s. 721.24.

(o) *Common elements; limited power to convey.*—

1. With respect to condominiums created on or after October 1, 1994, the bylaws shall include a provision granting the association a limited power to convey a portion of the common elements to a condemning authority for the purpose of providing utility easements, right-of-way expansion, or other public purposes, whether negotiated or as a result of eminent domain proceedings.

2. In any case where the bylaws are silent as to the association's power to convey common elements as described in subparagraph 1., the bylaws shall be deemed to include the provision described in subparagraph 1.

(p) *Director or officer delinquencies.*—A director or officer more than 90 days delinquent in the payment of any monetary obligation due the association shall be deemed to have abandoned the office, creating a vacancy in the office to be filled according to law.

(q) *Director or officer offenses.*—A director or officer charged by information or indictment with a felony theft or embezzlement offense involving the association's funds or property must be removed from office, creating a vacancy in the office to be filled according to law until the end of the period of the suspension or the end of the director's term of office, whichever occurs first. While such director or officer has such criminal charge pending, he or she may not be appointed or elected to a position as a director or officer. However, if the charges are resolved without a finding of guilt, the director or officer shall be reinstated for the remainder of his or her term of office, if any.

(3) **OPTIONAL PROVISIONS.**—The bylaws as originally recorded or as amended under the procedures provided therein may provide for the following:

(a) A method of adopting and amending administrative rules and regulations governing the details of the operation and use of the common elements.

(b) Restrictions on and requirements for the use, maintenance, and appearance of the units and the use of the common elements.

(c) Provisions for giving notice by electronic transmission in a manner authorized by law of meetings of the board of directors and committees and of annual and special meetings of the members.

(d) Other provisions which are not inconsistent with this chapter or with the declaration, as may be desired.

SB 4-D — Building Safety

The bill requires the Florida Building Code to provide that when 25 percent or more of a roofing system or roof section is being repaired, replaced, or recovered, only the portion of the roofing system or roof section undergoing such work need be constructed in accordance with the current Florida Building Code in effect at the time of such work. This new provision applies only to roof systems and roof sections built, repaired, or replaced in accordance with the requirements of the 2007 Florida Building Code or subsequent editions. The provision revises the current Florida Building Code which requires that not more than 25 percent of the total roof area or roof section of any existing building or structure, may be repaired, replaced, or recovered in any 12-month period—unless the entire existing roofing system or roof section conforms to the current requirements of the Code.

The bill also provides building safety inspection requirements for condominium and cooperative association buildings, increases the rights of unit owners and prospective unit owners to access information regarding the condition of such buildings, and revises the requirements for associations to fund reserves for the continued maintenance and repair of such buildings.

Regarding building safety inspections, the bill:

- Requires condominium and cooperative association buildings that are three or more stories in height to have a “milestone inspection” of the buildings’ structural integrity by an architect or engineer when a building reaches:
 - 30 years of age and every 10 years thereafter, or
 - 25 years of age and every 10 years thereafter if the building is located within three miles of a coastline.
- Requires, if a milestone inspection is required and the building’s certificate of occupancy was issued on or before July 1, 1992, the building’s initial milestone inspection to be performed before December 31, 2024.
- Requires that a phase one milestone inspection must commence within 180 days after an association receives a written notice from the local enforcement agency.
- Requires a phase two milestone inspection if there is evidence of “substantial structural deterioration” as determined by a phase one inspection.
- Specifies the minimum contents of a milestone inspection report.
- Requires inspection report results to be provided to local building officials and the associations, and requires an inspector-prepared summary to be provided to unit owners by mail and by email to unit owners who have consented to receive notices by email.
- Requires that the contract between an association that is subject to the milestone inspection requirement and a community association manager (CAM) or CAM firm must require compliance with those requirements as directed by the board.
- Requires the local enforcement agency to review and determine if a building is safe for human occupancy if an association fails to submit proof that repairs for substantial deterioration have been scheduled or begun within at least 365 days after the local enforcement agency receives a phase two inspection report.
- Requires the Florida Building Commission to make recommendations to the Governor and Legislature regarding the inspection requirements in the bill and inspection for other types of buildings and structures that are three stories or more.
- Provides that a willful and knowing failure by an officer or director of an association to have a milestone inspection performed is a breach of the officer’s and director’s fiduciary relationship to the unit owners.

- Gives unit owners the right to inspect and copy, as official records, the milestone inspection report and all other inspection reports relating to structural or life safety, and gives renters the right to inspect the milestone inspection reports.
- Requires the developer's turnover inspection report to comply with the milestone inspection requirements.
- Requires associations to report to the Florida Division of Condominiums, Timeshare, and Mobile Homes (division) the number of buildings that are three stories or higher in height and the total number of units in such buildings on or before January 1, 2023, and requires the division to publish that information on its website.
- Requires developer and non-developer unit owners to give prospective buyers of a unit a copy of the inspector-prepared summary of the milestone inspection report.
- Extends the jurisdiction of the division to investigate complaints to include complaints related to the procedural completion of milestone inspections.

Regarding the funding of reserves for the continued maintenance and repair of condominium and cooperative buildings, the bill:

- Requires condominium associations and cooperative associations to complete a structural integrity reserve study every 10 years for each building in an association that is three stories or higher in height.
- Requires associations existing on or before July 1, 2022, that are controlled by nondeveloper unit owners to have a structural integrity reserve study completed by December 31, 2024.
- Defines "structural integrity reserve study" as a study of the reserve funds required for future major repairs and replacement of the common elements based on a visual inspection of the common elements.
- Requires the study to include a visual inspection, state the estimated remaining useful life, and the estimated replacement cost of the roof, load bearing walls or other primary structural members, floor, foundation, fireproofing and fire protection systems, plumbing, and any item with a deferred maintenance or replacement cost that exceeds \$10,000.
- Requires the visual inspection to be performed by a person licensed as an engineer or an architect. However, any qualified person or entity may perform the other components of a structural integrity reserve study.

Note- Part of Chapter 61B-22, Florida Administrative Code, addresses the reserve budget requirements for condominiums. Below are excerpts from this Chapter which address this requirement. Areas underlined or stricken out are the recent amended changes effective 12-23-2002.

(Taken from Chapter 61B-22, Florida Administrative Code)

61B-22.001 Definitions. For the purposes of this chapter, the following definitions shall apply:

- (1) "Accounting records" include all of the books and records identified in Section 718.111(12)(a)11., Florida Statutes, and any other records that identify, measure, record, or communicate financial information whether the records are maintained electronically or otherwise, including, all payroll and personnel records of the association, all invoices for purchases made by the association, and all invoices for services provided to the association.

- (2) "Capital expenditure" means an expenditure of funds for:
 - (a) The purchase of an asset whose useful life is greater than one year in length;
 - (b) The replacement of an asset whose useful life is greater than one year in length;
 - (c) The addition to an asset which extends the useful life of the previously existing asset for a period greater than one year in length.
- (3) "Deferred maintenance" means any maintenance or repair that:
 - (a) Will be performed less frequently than yearly; and
 - (b) Will result in maintaining the useful life of an asset.
- (4) "Funds" means money and negotiable instruments including, for example, cash, checks, notes, and securities.
- (5) "Reserves" means any funds, other than operating funds, that are restricted for deferred maintenance and capital expenditures, including the items required by section 718.112(2)(f)2., Florida Statutes, and any other funds restricted as to use by the condominium documents or the condominium association. Funds that are not restricted as to use by Section 718.112(2)(f), Florida Statutes, the condominium documents or by the association shall not be considered reserves within the meaning of this rule.
- (6) "Turnover" means transfer of association control from developers to non-developer unit owners pursuant to Section 718.301, Florida Statutes.

61B-22.003 Budgets.

- (1) Required elements for estimated operating budgets. The budget for each association shall:
 - (d) Include all estimated common expenses or expenditures of the association including the categories set forth in section 718.504(20)(c), Florida Statutes. Reserves for capital expenditures and deferred maintenance required by section 718.112(2)(f), Florida Statutes, must be included in the proposed annual budget and shall not be waived or reduced prior to the mailing to unit owners of a proposed annual budget. If the estimated common expense for any category set forth in the statute is not applicable, the category shall be listed followed by an indication that the expense is not applicable;
 - (e) Unless the association maintains a pooled account for reserves required by Section 718.112(2)(f)2., Florida Statutes, the association shall include a schedule stating each reserve account for capital expenditures and deferred maintenance as a separate line item with the following minimum disclosures:
 - 1. The total estimated useful life of the asset;
 - 2. The estimated remaining useful life of the asset;
 - 3. The estimated replacement cost or deferred maintenance expense of the asset;
 - 4. The estimated fund balance as of the beginning of the period for which the budget will be in effect; and;
 - 5. The developer's total funding obligation, when all units are sold, for each converter reserve account established pursuant to section 718.618, Florida Statutes, if applicable.
 - (f) If the association maintains a pooled account for reserves required by Section 718.112(2)(f)2., Florida Statutes, the association shall include a separate schedule of any pooled reserves with the following minimum disclosures:
 - 1. The total estimated useful life of each asset within the pooled analysis;
 - 2. The estimated remaining useful life of each asset within the pooled analysis;
 - 3. The estimated replacement cost or deferred maintenance expense of each asset within the pooled analysis; and
 - 4. The estimated fund balance of the pooled reserve account as of the beginning of the period for which the budget will be in effect.
 - (g) line item with the following minimum disclosures:
 - 1. The intended use of the restricted funds; and,
 - 2. The estimated fund balance of the item as of the beginning of the period for which the budget will be in effect.
- (2) Unrestricted expense categories. Expense categories that are not restricted as to use shall be stated in the operating portion of the budget rather than the reserve portion of the budget.
- (4) Multi-condominium association. Multi-condominium associations shall comply with the following requirements:
 - (a) Provide a separate budget for each condominium operated by the association as well as for the association. Each such budget shall disclose:
 - 1. Estimated expenses specific to a condominium such as the maintenance, deferred maintenance or replacement of the common elements of the condominium which shall be provided for in the budget of the specific condominium
 - 2. Estimated expenses of the association that are not specific to a condominium such as the

- maintenance, deferred maintenance or replacement of the property serving more than one condominium which shall be provided for in the association budget; and,
3. Multi-condominium associations created after June 30, 2000, or that have created separate ownership interests of the common surplus of the association for each unit as provided in Sections 718.104(4)(h) and 718.110(12), Florida Statutes, shall include each unit's share of the estimated expenses of the association, referred to in subsection (2) of this rule, which shall be shown on the individual condominium budgets. Multi-condominium associations created prior to July 1, 2000, that have not created separate ownership interests of the common surplus of the association for each unit as provided in Sections 718.104(4)(h) and 718.110(12), Florida Statutes, shall include each condominiums share of the estimated expenses of the association, referred to in subsection (2.) of this rule, which shall be shown on the individual condominium budgets.
 4. The budgets of multi-condominium associations created after June 30, 2000 or of multi-condominium associations that have created separate ownership interests of the common surplus of the association for each unit as provided in Sections 718.104(4)(h) and 718.110(12), Florida Statutes, shall show the estimated revenues of each condominium and of the association.
 - (b) Associations that operate separate condominiums in a consolidated fashion pursuant to section 718.111(6), Florida Statutes, may utilize a single consolidated budget.
 - (5) Limited common elements. If an association maintains limited common elements at the expense of only those unit owners entitled to use the limited common elements pursuant to section 718.113(1), Florida Statutes, the budget shall include a separate schedule, or schedules, conforming to the requirements for budgets as stated in this rule, of all estimated expenses specific to each of the limited common elements, including any applicable reserves for deferred maintenance and capital expenditures. The schedule or schedules may group the maintenance expense of any limited common elements for which the declaration provides that the maintenance expense is to be shared by a group of unit owners.
 - (6) Phase condominium budgets. By operation of law, the annual budget of a phase condominium created pursuant to Section 718.403, Florida Statutes, shall automatically be adjusted to incorporate the change in proportionate ownership of the common elements by the purchasers and to incorporate any other changes related to the addition of phases in accordance with the declaration of condominium. The adjusted annual budget shall be effective on the date that the amendment to the declaration adding a phase to a phase condominium is recorded in the official records of the county in which the condominium is located. Notwithstanding the requirements of subsection (7) of this rule, the association shall not be required to follow the provisions of Section 718.112(2)(c), Florida Statutes, unless, as a result of the budget adjustment, the assessment per unit has changed.
 - (7) Budget assessment amendments. The association may amend a previously approved annual budget. In order to do so the board of administration shall follow the provisions of Section 718.112(2)(e), Florida Statutes. For example, the board shall mail a meeting notice and copies of the proposed amended annual budget to the unit owners not less than 14 days prior to the meeting at which the budget amendment will be considered.
 - (d) Include a separate schedule of any other reserve funds to be restricted by the association as a separa

61B-22.005 Reserves. Reserves required by statute.

- (1) Reserves required by statute. Reserves required by section 718.112(2)(f), Florida Statutes, for capital expenditures and deferred maintenance including roofing, painting, paving, and any other item for which the deferred maintenance expense or replacement cost exceeds \$10,000 shall be included in the budget. For the purpose of determining whether the deferred maintenance expense or replacement cost of an item exceeds \$10,000, the association may consider each asset of the association separately. Alternatively, the association may group similar or related assets together. For example, an association responsible for the maintenance of two swimming pools, each of which will separately require \$6,000 of total deferred maintenance, may establish a pool reserve, but is not required to do so.
- (2) Commingling operating and reserve funds. Associations that collect operating and reserve assessments as a single payment shall not be considered to have commingled the funds provided the reserve portion of the payment is transferred to a separate reserve account, or accounts, within 30 calendar days from the date such funds were deposited.
- (3) Calculating reserves required by statute. Reserves for deferred maintenance and capital expenditures required by section 718.112(2)(f), Florida Statutes, shall be calculated using a formula that will provide funds equal to the total estimated deferred maintenance expense or total estimated replacement cost for an asset or group of assets over the remaining useful life of the asset or group of assets. Funding formulas for reserves required by Section 718.112(2)(f), Florida Statutes, shall be based on either a separate analysis of each of the required assets or a pooled analysis of two or more of the required assets.
 - (a) If the association maintains separate reserve accounts for each of the required assets, the amount of the current year contribution to each reserve account shall be the sum of the following two calculations:
 1. The total amount necessary, if any, to bring a negative account balance to zero; and,
 2. The total estimated deferred maintenance expense or estimated replacement cost of the reserve asset less the estimated balance of the reserve account as of the beginning of the period for which the budget will be in effect. The remainder, if greater than zero, shall be divided by the estimated remaining useful life of the asset. The formula may be adjusted each year for changes in estimates and deferred maintenance performed during the year and may consider factors such as inflation and earnings on invested funds.
 - (b) If the association maintains a pooled account of two or more of the required reserve assets, the amount of the contribution to the pooled reserve account as disclosed on the proposed budget shall be not less than that required to ensure that the balance on hand at the beginning of the period for which the budget will go into effect plus the projected annual cash inflows over the remaining estimated useful lives of all of the assets that make up the reserve pool are equal to or greater than the projected annual cash outflows over the remaining estimated useful lives of all of the assets that make up the reserve pool, based on the current reserve analysis. The projected annual cash inflows may include estimated earnings from investment of principal. The reserve funding formula shall not include any type of balloon payments.
- (4) Estimating reserves which are not required by statute. Reserves which are not required by section 718.112(2)(f), Florida Statutes, are not required to be based on any specific formula.
- (5) Estimating non-converter reserves when the developer is funding converter reserves. For the purpose of estimating non-converter reserves, the estimated fund balance of the non-converter reserve account established pursuant to section 718.618, Florida Statutes, shall be the sum of:
 - (a) The developer's total funding obligation, when all units are sold, for the converter reserve account pursuant to section 718.618, Florida Statutes; and,
 - (b) The estimated fund balance of the non-converter reserve account, excluding the developer's converter obligation, as of the beginning of the period for which the budget will be in effect.
- (6) Timely funding. Reserves included in the adopted budget are common expenses and must be fully funded unless properly waived or reduced. Reserves shall be funded in at least the same frequency that assessments are due from the unit owners (e.g., monthly or quarterly).
- (7) Restrictions on use. In a multi-condominium association, no vote to allow an association to use reserve funds for purposes other than that for which the funds were originally reserved shall be effective as to a particular condominium unless conducted at a meeting at which the same percentage of voting interest in that condominium that would otherwise be required for a quorum of the association is present in person or by proxy, and a majority those present in person or by limited proxy, vote to use reserve funds for another purpose.. Expenditure of unallocated interest income earned on reserve funds is restricted to any of the capital expenditures, deferred maintenance or other items for which reserve accounts have been established.

- (8) Annual vote required to waive reserves. Any vote to waive or reduce reserves for capital expenditures and deferred maintenance required by section 718.112(2)(f)2, Florida Statutes, shall be effective for only one annual budget. Additionally, in a multi-condominium association, no waiver or reduction is effective as to a particular condominium unless conducted at a meeting at which the same percentage of voting interests in that condominium that would otherwise be required for a quorum of the association is present, in person or by proxy, and a majority of those present in person or by limited proxy vote to waive or reduce reserves. For multi-condominium associations in which the developer is precluded from casting its votes to waive or reduce the funding of reserves, no waiver or reduction is effective as to a particular condominium unless conducted at a meeting at which the same percentage of non-developer voting interest in that condominium that would otherwise be required for a quorum of the association is present, in person or by proxy, and a majority of those present in person or by limited proxy vote to waive or reduce reserves.

61B-22.006 Financial Reporting Requirements.

...(3) Disclosure requirements. The financial statements required by Sections 718.111(13) and 718.301(4), F.S., shall contain the following disclosures within the financial statements, notes, or supplementary information:

- (a) The following reserve disclosures shall be made regardless of whether reserves have been waived for the fiscal period covered by the financial statements:
1. The beginning balance in each reserve account as of the beginning of the fiscal period covered by the financial statements;
 2. The amount of assessments and other additions to each reserve account including authorized transfers from other reserve accounts;
 3. The amount expended or removed from each reserve account, including authorized transfers to other reserve accounts;
 4. The ending balance in each reserve account as of the end of the fiscal period covered by the financial statements;
 5. The amount of annual funding required to fully fund each reserve account, or pool of accounts, over the remaining useful life of the applicable asset or group of assets;
 6. The manner by which reserve items were estimated, the date the estimates were last made, the association's policies for allocating reserve fund interest, and whether reserves have been waived during the period covered by the financial statements; and

1-6 Updating Reports

Material availability, taxes, insurance rates, labor cost, asset lives, natural disasters are just a few changing variables in this reserve study report.

It is required that keep the reserve plan updated with annual update reports.

Annual update reports for the first years following this reserve study can be done without site inspection and based on updated financial information and performed repaired.

Site re-inspection recommended at least every 3 years to observe the physical condition of reserve components to determine if any adjustments should be made to the remaining life expectancies and repair/replacement budget, or unit costs of each component. By keeping reserve study up to date, will have the most accurate information to make the right budget decisions.

1-7 Terms and Conditions

Calc Engineering llc. uses available sources of data on construction material and labor prices in order to make its' opinion of cost. Obtained information is reasonable but not guaranteed. No liability is assumed as a result of inaccuracies or errors in such information or estimates, although reasonable efforts have been made to confirm them.

Factors such as inflation, availability of materials, contractors and/or acts of nature, could significantly affect current estimates.

No consideration has been given to material premiums, additional costs to conform to current building codes, ordinances or other legal restrictions, or the cost of replacement or the removal of destroyed property.

We have no present or contemplated future interest in the property that is the subject of this report and that we have no personal interest or bias with respect to the subject matter of this report or the parties involved.

We certify that neither the employment to prepare this report, nor the compensation, is contingent upon the estimates of value contained herein.

Complete construction documents were not available for use in this report, assumptions were made regarding unseen construction components, based on best of our knowledge and experience with properties similar to the subject. In case these assumptions are in error, we reserve the right to modify this appraisal.

Our assessment of the remaining lives and/or physical condition of the components described has been based upon visual inspection. No testing has been performed.

The report data is not applicable to any other property even in the same community or similar condition.

The authors of this report shall not be required to give testimony or appear in court or at any administrative proceeding relating to this report, unless this report is, by agreement, made in anticipation of litigation.

The liability of Calc Engineering llc., the author(s) of this report, and any of our employees is limited in total to the fee collected for the preparation of this report.

1-8 Report Notes

1. In the Cash Flow plan the reserve balance has been allocated in a restricted manner and only to those components which have the shortest remaining life within each category for which these funds are restricted to.
2. Based on information from the State of Florida's Compliance Office for the Division of Florida Condominiums, Timeshares, and Mobile Homes, the maximum annual funding increase in the pooled cash flow plan, except for year one, has been set to not exceed the plan's inflation rate. Otherwise, it may be considered a balloon payment, which is prohibited under Florida Administrative Codes 61B-22.005(3)(b).
3. The 01/01/2025 reserve balance does not include any ongoing and routing maintenance and expenses of association.
4. As a routine manner and based on SIRS requirements windows and doors as part of building envelope and shall calculated in reserve funds. However, based on association board of directors statements as per condo bylaw WINDOWS are NOT part of association responsibility and are unit owners sole responsibility. In case association is responsible for exterior windows, that could increase the total current cost of the components to \$1,130,500, and recommended annual contributions to \$52,900.

2-1 Pooled Cash Flow

This section of the report shows a funding plan to that given Costs and life expectancies used in the previous section are used here, the method of calculating the annual reserve contribution is based on a cash flow analysis.

This funding plan takes the total beginning year reserve balance in year one along with the projected annual reserve expenditure over a 30-year period, and through pooling all the reserve funds and creating one general reserve fund, arrives at an annual contribution amount so as to provide a positive cash flow and adequate reserve account balance over the next 30 years.

%3 annual Inflation and %3 annual interest is calculated in this plan.

2-2 Component Schedule
